

Routing

- `config/routes.rb`
- `rake routes`

Routes pro Id

```
get "public/index"
```

```
match 'public/:id' => 'public#show', :via => :get
```

Routes pro Id

Výpis rake routes

```
public_index GET /public/index(.:format)  
public#index
```

```
GET /public/:id(.:format) public#show
```

Použití Id

```
def show
  @post = Post.find(params[:id])
  respond_to do |format|
    format.html # show.html.erb
  end
end
```

Použití Id

```
<h1>Public#show</h1>
```

```
<p>Find me in  
app/views/public/show.html.erb</p>
```

```
<h2><%= @post.title %></h2>
```

```
<p><%= @post.content %></p>
```

```
<p>Autor: <%= @post.name %></p>
```

```
<%= link_to 'Back', public_index_path %>
```

Použití Id

```
<h1>GIS</h1>
<!--<p>Find me in
app/views/public/index.html.erb</p>-->
<% @posts.each do |post| %>
  <h2><%= post.title %></h2>
  <p><%= post.content[0,50] %></p>
  <p>Autor: <%= post.name %></p>
  <p><a href=<%= post.id %>>Více</a></p>
<% end %>
```

Použití Id

```
<p><a href=2>Více</a></p>
```
